

Serial Vision

Name the route, question, place, field date/time, and your name.

ROUTE QUESTION + CONTEXT

FIGURE-GROUND ROUTE MAP

Views 1 and 2

Use original images. Number and locate every view. Keep observation and interpretation distinct.

VIEW 1

VIEW 2

ANNOTATIONS + TRANSITION

Views 3 and 4

Show the next meaningful transitions in the same direction and visual system.

VIEW 3

VIEW 4

ANNOTATIONS + TRANSITION

Views 5 and 6, if used

Use only if these views add a meaningful change, break, or conclusion.

VIEW 5

VIEW 6

ANNOTATIONS + TRANSITION

What the sequence reveals

Conclude with the strongest transition or break, a planning or design implication, one question, and one limitation or verification need.
